Mid-Career Training programme for Island Service Officers of Sri Lanka

About the Programme:

The Mid-Career Training Programme for Island Service Officers of Sri Lanka focusing on Field Administration, Public Policy and Good Governance. It aims at equipping mid-level civil servants with the cutting-edge knowledge, skills and tools to deliver and design effective public policy in an increasingly complex and inter-dependent world. It is expected that this will achieve good governance and ultimately sustainable development apart from providing a rich cross-country experience so that there is no need to reinvent the wheel.

Effective dissemination and sharing of knowledge and experiences are necessary for governments across the globe to take full and complete benefits of these emerging concepts in good governance and public policy. This can be ensured by proper sharing of existing knowledge resources at various levels both nationally and internationally between various governments as the world is coming closer in the present-day arena. It becomes all the more important as good governance and effective public policy have been internationally recognised as the foundation for successful achievement of a wide range of international and domestic policy objectives, including most items on the United Nations development agenda.

Programme Objectives:

The Programme aims at enabling its participants to gain the requisite knowledge and skills for designing and implementing effective public policy to achieve good governance and also successfully discharging their administrative duties.

To create value for each participant, the programme will:

- a) Provide a platform for policy dialogue and knowledge sharing. Thereby highlighting the role of good governance and public policy for sustainable development.
- b) Facilitating sharing of lessons, Cross-country experiences and best practices on flagship good governance schemes, field administration and public policy in the region.
- c) Detailed insights into inter-disciplinary fields of public policy in the areas of tourism, new education policy, digital health care system, skill development, fintech and inclusion, rejuvenation of rivers with special reference to ganga, jal jeevan mission, solid-liquid waste management, Swamitvatva, environment and climate change & many more.
- d) To develop an understanding about frameworks adopted by the Government of India in implementing projects, including IT applications and e-government for attaining Sustainable Development Goals. Also, India's experience in enhancing transparency in all areas of governance through innovative digital solutions.
- e) Field Exposure to good projects in various areas such as: PPP, infrastructure development, smart city, good projects, transport and showcasing India's rich cultural heritage among others.
